

Interactive Workshop

An engaging & practical approach to identifying a team's strengths and limitations so they can maximize their potential.

Working Genius is a quick, practical, and innovative assessment that helps:

1. **Employees** understand their natural gifts.
2. **Teams** leverage the strengths of their team members.
3. **Leaders** adjust roles to improve engagement, satisfaction, and productivity.

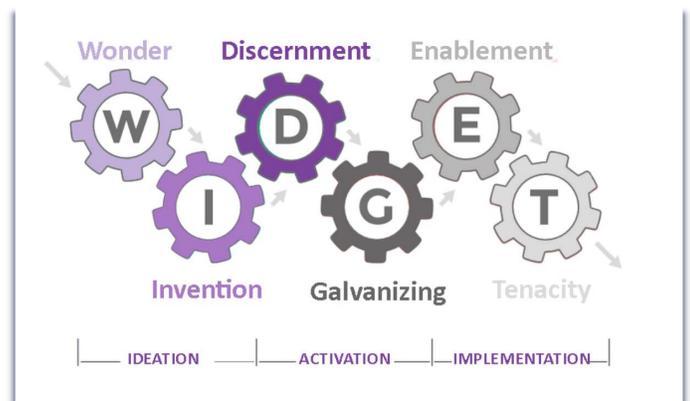

Why is this important?

Our business world is fraught with disengagement, overwhelm, and burnout.

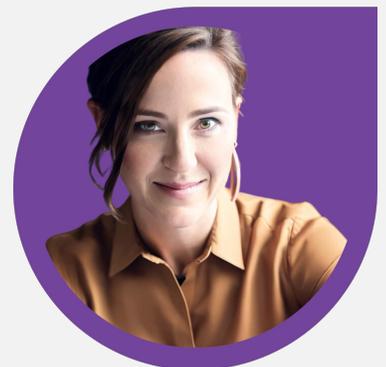

- People feel unnecessary guilt and lose confidence in their abilities.
- Team members make inaccurate and hurtful judgments about one another.
- Organizations miss targets and don't achieve their strategic priorities.

Session Outcomes:

- Improved Employee Engagement
- Increased Team Productivity
- Enhanced Meeting Efficiency
