

# A-LA-CARTE Workshop Modules

In-Person & Virtual Options

## WORKSHOPS

Designed around practical models and delivered through engaging & interactive processes. These solutions are custom-designed to achieve specific outcomes.

### Team Insight 101

Based on the Five Dysfunctions of a Team, this workshop includes a survey that provides valuable data and insight into your teams strengths & weaknesses and outline their roadmap to success.

### Self-Awareness 101

Based on the reputable Emergenetics model, Self Awareness 101 is an easier way to understand people. This science-based self-insight assessment helps individuals in leveraging their personal strengths.

### Team Awareness 101

This session helps team members understand their differences and learn to use their diversity to their advantage. Stronger relationships form with better communication & enhanced collaboration.
